#### Independent Accountant's Review Report

The Honorable Brian P. Kemp, Governor of Georgia
Members of the General Assembly of the State of Georgia
Members of the State Board of the Technical College System of Georgia
and
Mr. Greg Dozier
Technical College System of Georgia

We have reviewed the accompanying Statement of Net Position of the Technical College System of Georgia as of June 30, 2019, and the Statement of Revenues, Expenses, and Changes in Net Position and Statement of Cash Flows (financial statements) for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

#### Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

#### Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

The accompanying supplementary information listed in the table of contents is presented for additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management. We have not audited, reviewed, or compiled the supplementary information and we do not express an opinion, a conclusion, nor provide any assurance on it.

Respectfully,

Greg S. Griffin State Auditor
